

100 Percent™

The beauty of 100% recycled post-consumer HDPE.

3form®

100 Percent™

AS GREEN AS IT GETS

3form 100 Percent is made from 100% post-consumer recycled material, and can help projects earn up to 2 LEED credits for recycled content.

AND IT JUST GOT BETTER

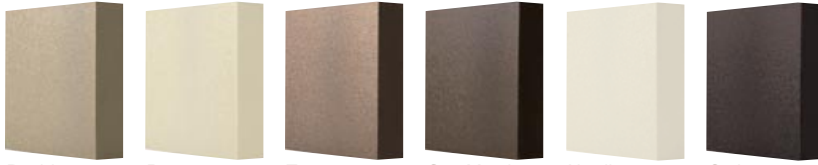

This is a truly sustainable material with a refreshingly sophisticated aesthetic, proving that high design can be low impact.

CHOOSE FROM TWO COLLECTIONS

Base: A truly refined material made from 100% raw recycled waste. With contemporary colors and a sleek shimmer, 100 Percent Base is at home in any installation.

Blend: Uniquely combined colors in striking contrasts create an up-cycled material that swirls sustainability into any space.
